Education Solutions

SanCeram

Quality sanitaryware, always at great value.

Working on a school project and need competitively priced sanitaryware? Look no further...

If you have an education project that you are working on then why not let us help deliver the perfect solution. We have a comprehensive range of WC's, Basins, Brassware, Doc M Packs and DfE compliant Solid Surface Wash Troughs all guaranteed to provide you with value and performance whether it be for younger years, teens or teachers. We understand that durability and ease of use are of paramount importance which is reflected in the sanitaryware products we offer. We have included a selection of products within this brochure from SanCeram and Armitage Shanks - [our full education range and lead times can be viewed online here.](#)

Why work with us?

- Wide range of competitively priced sanitaryware, from leading brands
- Speedy quotations and delivery to ensure you meet your deadlines
- Dedicated project manager to see your project through from start to finish
- Easy online ordering 24/7 with ability to pay on your Trade Account
- Online Technical Library with Data Sheets, CAD Blocks and BIM files
- Our in-house brand SanCeram ensures maximum hygiene, quality and regulations are all covered whilst coming in at an affordable cost

Above: Little Ripley Day Nursery
Below: Hopwood Hall College
Right: The Forest School

And for the schools...

- Age appropriate sanitaryware including low height WCs for early years and easy to use Self-closing Taps that can't accidentally be left running
- Dedicated no touch, Sensor range including Flushes and Taps to promote maximum user hygiene
- Water saving options to save money and help the environment
- DfE compliant Solid Surface Wash Troughs, Stainless Steel sanitaryware and Accessories also available to complement the washrooms
- 25 year guarantee on all our SanCeram ceramics for peace of mind

Above: Primrose Hill Primary School
Below: Cottenham Nursery
Right: Fairfield School

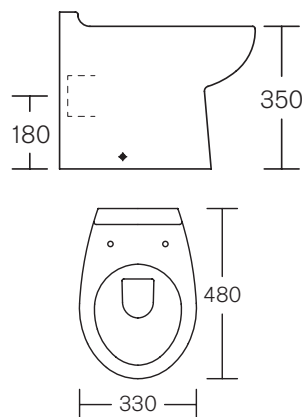

Specifically designed for education environments, our WCs cover all the features that could be required in nursery and primary schools, right through to colleges and universities. We have lower heights available for younger years, water saving options to help the environment and save money as well as extended projection for disabled and Doc M requirements. [Our full WC range and lead times can be viewed online here.](#)

Solid Surface Wash Troughs

Our DfE compliant solid surface wash troughs have been specifically designed to meet the School Output Specification for Sanitaryware set by the Department for Education (DfE) and meet the strictest standards for hygiene and durability. They are available in a choice of profiles suitable for Wall Mounted or Deck Mounted Taps depending on project requirements. [Our full Wash Trough range and lead times can be viewed online here.](#)

Fully DfE compliant:

- ✓ Our DfE compliant, Corian solid surface wash troughs feature a tamper-proof, vandal-resistant construction with no visible fixings
- ✓ The front access panel is removable and made from robust, water resistant SGL
- ✓ We offer a variety of other wash trough profiles, including those featuring concealed waste systems for a modern, stylish aesthetic

Hygienic:

- ✓ The non-porous nature of solid surface helps to prevent bacterial growth and makes cleaning quick and easy
- ✓ Our thermoformed wash troughs are made from a single piece of solid surface, thermoformed into a seamless, curved shape – reducing hard edges and joints

Repairable:

- ✓ Although extremely hardwearing and durable, should scratches build up over time, they can be sanded out and repolished if needed

Speedy installation:

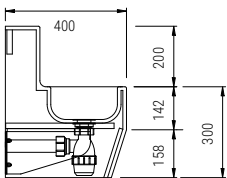

- ✓ Wall mounted installation via cantilever brackets provides a modern, floating appearance with flexibility of positioning and is in line with DfE guidelines
- ✓ Tap holes can be pre-drilled in the factory upon request to help speed up installation time on site

Flexible sizes:

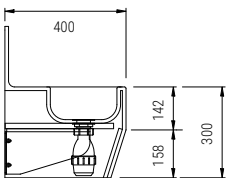

- ✓ Our wash troughs are available in varying lengths - 1000mm, 1200mm, 1500mm, 1800mm, 2400mm and 3000mm

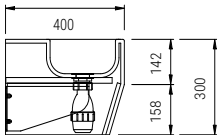

DfE Compliant Solid Surface Wash Trough Profiles:

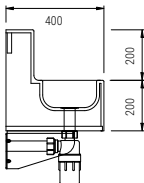

D1: Thermoformed with upstand and removable access panel - for wall mounted taps

D2: Thermoformed with splashback and removable access panel - for deck mounted taps

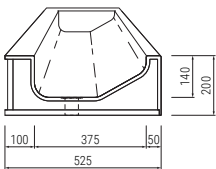

D3: Thermoformed with removable access panel - for deck mounted taps

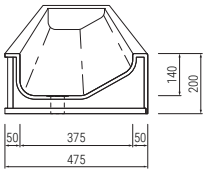

D4: Thermoformed with upstand - for wall mounted taps

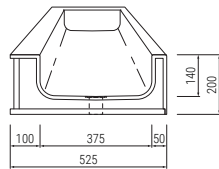

Solid Surface Wash Trough Profiles:

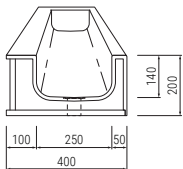

T1: Sloping thermoformed - for deck mounted taps

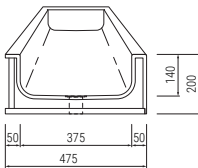

T2: Sloping thermoformed - for wall mounted taps

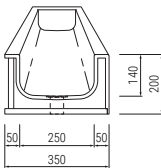

T3: Thermoformed - for deck mounted taps

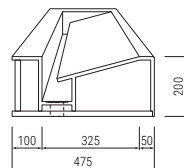

T3S: Slim thermoformed - for deck mounted taps

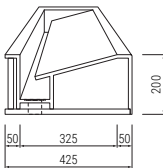

T4: Thermoformed - for wall mounted taps

T4S: Slim thermoformed - for wall mounted taps

T5: Concealed waste - for deck mounted taps

T6: Concealed waste - for wall mounted taps

The benefits of Solid Surface

High durability

Manufactured from an advanced composition of minerals and acrylic polymer, Solid Surface is extremely durable with a high resistance to cleaning products and chemicals.

Seamless joints

The use of colour matched adhesive helps give an unbroken and flowing finish.

Non-porous and waterproof

Solid Surface is non-porous and 100% waterproof, enabling its use in a wide range of applications.

Hygienic and easy to clean

Meeting NSF51 standards, Solid Surface is hygienic and the smooth surface stops germs harbouring and makes the material easy to clean.

Repairable

Scratches can be sanded and polished out to keep the material looking fresh. Larger chips or deep scratches can be filled and sections can even be replaced.

Fire resistant

Solid Surface is tested to UK BS476 Class 0.

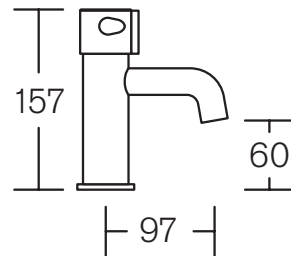

Whether you are a SEN school looking for easy to use Toggle Taps, a primary school looking for Self Closing Taps to ensure there is no accidental flooding, or a college looking for Sensor Taps to ensure maximum user hygiene, we have a solution for you. We have options that are WRAS approved and those that will save you water and money. [Our full Brassware range and lead times can be viewed online here.](#)

Broom Valley Community School

Our Client: Based in Rotherham, South Yorkshire, Broom Valley Community School is a junior school aiming to create a learning-centred school that nurtures the talents of all its pupils.

Their Brief: The toilets in the junior area of the school were due to be refurbished and needed to be suitable for the younger pupils as well as easy to clean and maintain.

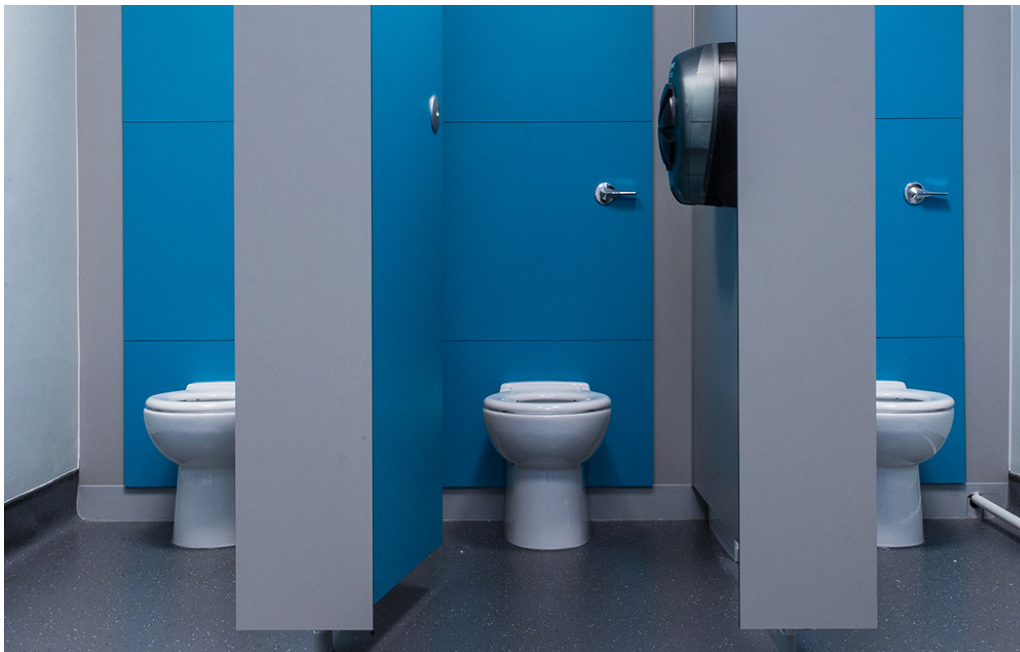

Our Solution: Our lower height SanCeram Shenley 350 Toilet Pan was the perfect solution. Coupled with our hardwearing SanCeram Chartham Basins, to ensure that both practicality and durability needs were met.

Products:

- SanCeram Chartham Semi-Recessed Basin
- Deva Pair of Short Lever Basin Taps
- SanCeram 1 ¼" Strainer Waste, Slotted
- SanCeram Shenley Back to Wall 350 Toilet Pan
- Tyde Concealed Dual Flush Cistern with Lever

The Contractor: Sanderson Building Services Ltd

"We are very happy with the SanCeram sanitaryware items provided. In particular the low height toilets as they ensure that the children, especially the early years can use them independently and comfortably." **Helen Johnson, School Business Manager.**

Robert Smillie Memorial Primary School and Nursery

Our Client: Robert Smillie Memorial Primary School and Nursery was built in 1957 in South Lanarkshire, Scotland. With around 300 primary and nursery pupils, they aim to provide the very best curriculum and facilities to all their students.

Their Brief: The nursery extension required sanitaryware that would be suitable for younger children, taking in to account ease of use and accessibility. All taps needed to be supplied with copper tails to meet Scottish regulations.

Our Solution: Our SanCeram range was specified for this project, including our Shenley range which is ideal for nursery age children and our Chartham range which offers excellent quality and value for money.

Products:

- SanCeram Shenley Back to Wall 350 Toilet Pan
- Tyde Concealed Single Flush Cistern with Palm Push Button
- SanCeram Chartham Wall Hung 450 Basin with SanCeram Basin Mounted Self-closing Mixer Tap
- SanCeram Chartham Beyond Back to Wall Rimless Toilet Pan
- SanCeram Chartham Cleaners Sink with Deva Lever Action Bib Taps
- SanCeram Close Coupled Doc M Packs

The Contractor: BPS Group (Blantyre Park Services Ltd)

"I have been delighted with the service provided by The Sanitaryware Company from enquiry through to delivery. My Project Manager went above and beyond to ensure the order was correct and happily accommodated any alterations along the way."

Craig Mcmanus, Project Manager, BPS Group.

Manchester Secondary School

Our Client: We were delighted to supply the sanitaryware products to SJT Building & Joinery Ltd to a recent secondary school project in Manchester.

Their Brief: Hygiene and durability were top of the agenda, alongside providing sanitaryware that looked good, so it would encourage pupils to respect their surroundings.

Our Solution: Our SanCeram Chartham Beyond and Langley ranges were selected for the school, with the added benefits of water saving technology.

Products:

- SanCeram Chartham Beyond Back to Wall Rimless Toilet Pan
- Tyde OSMO T1 Concealed Cistern paired with the Drift Pneumatic Push Plate
- SanCeram Langley Concealed Trap Urinal Bowl
- SanCeram Basin Mounted Self-closing Mixer Tap

The Contractor: SJT Building & Joinery Ltd

Stanborough School

Our Client: Stanborough School, Hertfordshire is a Secondary Academy and 6th Form for over 1000 pupils aged 11 to 18.

Their Brief: Provide stylish sanitaryware for their new Drama and Teaching blocks that would be hard wearing, reliable and easy to clean.

Our Solution: Our SanCeram Chartham range was chosen due to its high quality, durable and easy to clean nature suitable to withstand the daily uses of a school environment.

Products:

- SanCeram Chartham Back to Wall WC
- Tyde Concealed Dual Flush Cistern with Square Button
- Aquarius Wall Mounted Stainless Steel Sensor Tap
- SanCeram Chartham Fireclay Cleaners Sink
- SanCeram Close Coupled Doc M Pack

The Contractor: NCC Mechanical Services Ltd

Cottenham Village Hall and Nursery

Our Client: A brand new, fit for purpose Village Hall and Nursery in Cottenham, Cambridgeshire.

Their Brief: Provide the Nursery with age appropriate sanitaryware and the Village Hall with high quality, durable sanitaryware that will be easy to clean and maintain. Both to be delivered in a quick turn-around to meet install dates.

Our Solution: Our younger years SanCeram Shenley range was chosen alongside our Chartham range. Both are hardwearing and durable, ready to stand the test of time.

Products:

- SanCeram Shenley children's Back to Wall WC
- Tyde Concealed Dual Flush Cistern with Square Button
- SanCeram Chartham Semi Recessed Vanity Basins
- SanCeram Basin Mounted Self-closing Mixer Tap
- SanCeram Chartham Rimless Back to Wall WC
- SanCeram Close Coupled Doc M Packs

The Contractor: Sotham Engineering, Cambridge Office

Leventhorpe Academy

Our Client: Established in 1965 Leventhorpe Academy is a School and 6th Form for students aged 11-19, with over 1200 students.

Their Brief: The brand new Performing Arts block and the Sixth Form Centre required sanitaryware that was not going to only look good but also to be strong and durable to withstand constant use.

Our Solution: Our SanCeram Chartham range was chosen to meet the challenge, a range that always delivers on style and durability with a budget friendly price tag.

Products:

- SanCeram Chartham Rimless 450 Back to Wall Toilet Pan
- SanCeram Chartham Rimless 480 Back to Wall Toilet Pan
- Tyde Concealed Dual Flush Cistern with Square Button
- SanCeram Chartham Fireclay Cleaners Sink
- SanCeram Close Coupled Doc M Pack

The Contractor: NCC Mechanical Services Ltd
